

Features

- Designed for Euro sleeved drills with a 43 mm neck (most electric drills)
- The HEMA guides have tough, sturdy aluminum bases
- The solid guide rods, and spring loaded shaft assembly on the HEMA drill guides allows for easy and smooth retraction of the drill after the hole is complete
- Precise and perpendicular drilling up to a depth of 18.9 inches
- The Guides Sleeves are built with wear resistant guide sleeves
- Angle drilling, up to 45° is achieved using the ZB 45 swivelling guide

ZB 10	
Drill bit length,	320 mm
Drill Depth	270 mm
Drill Guide Widths for bits	8,10,12,14,16,18,20,22,24,26 mm

ZB20	
Drill bit length,	460 mm
Drill Depth	370 mm
Drill Guide Widths for bits	8,10,12,14,16,18,20,22,24,26 mm

ZB 45	
Drill bit length,	620 mm
Drill Depth	480 mm
Drill Guide Widths for bits	8,10,12,14,16,18,20,22,24 mm

ZB 110	
Drill bit length,	150 mm
Drill Depth	90 mm
