

HEMA MC 30/40/60 Stationary Mortiser

For production of doors, windows, shutters, fence posts and more

- Productive, with powerful motor
- Model MC 60 has two additional drive aggregates, for offset, door handle or keyhole drilling
- Operationally safe
- Flexible
- Minimal downtime on chain changes
- Mortise chain can be pivoted to 45° (both directions)
- Table can be angled to 45°
- Double chain sets can be used
- Automatic chain lubrication
- Automatic mortise start on operational activation

TECHNICAL DETAILS	MC 30	MC 40
Three-phase motor (400 V)	1.5 kW	2.2 kW
RPM	2800	2800
Mortise depth, max.	180 mm / 7"	180 mm / 7"
Chain width, max.	40 mm / 1-5/8"	40 mm / 1-5/8"
Slot length, max.	200 mm / 8"	230 mm / 9"
Cross width, mortise bar/chain	80 mm / 3"	150 mm / 6"
Chain set Type A	150 mm / 6"	150 mm / 6"
Table, tilt capability	45°	45°
Weight	210 kg / 462 lbs	350 kg / 770 lbs

TECHNICAL DETAILS	MC 60
Mortise motor (400 V)	2.2 kW
RPM	2800
Offset motor (400 V)	0.45 kW
RPM	6000
Drill motor (400 V)	0.75 kW
RPM	2800
Distance of vertical right hand spindles	85 mm / 3-1/8"
Stroke	70 mm / 2-7/8"
Distance of horizontal spindles	55-105mm / 2-1/8 to 4"
Mortise depth, max.	180 mm / 7"
Slot length, max.	260 mm / 10-1/8"
Table size	600 mm x 110 mm / 23.6 x 4.3"
Biggest door width	1050 mm / 41-3/8"
Exhaust duct diameter	80 mm / 3"
Weight	500 kg / 1100 lbs
